

Wednesday, August 1, 1900

LOCAL MATTERS.

—Mr. Geo. S. Hinnant announces himself for Coroner.

—We call attention to Jno. E. McMaster & Co.'s advertisement for seed, in this issue.

—See the line of handsome belt ribbons, pearl rings, neckwear, etc., at Mrs. McCauley's.

—S. H. Baldwin, Columbus, Ga., writes: I occasionally give a Tetterina Powder to keep my teething child's gums softened.

The easiest and most effective method of purifying the blood and invigorating the system is to take DeWitt's Little Early Risers, the famous little pills for cleansing the liver and bowels.

—We call attention to the advertisement of the Fidelity & Casualty Co. of New York in this issue. Mr. Preston Rion is agent.

—We call attention to the advertisement of the Presbyterian College at Clinton, S. C., in this issue. Good education at low cost.

—Mr. W. J. McCauley, who captured the notorious negro, Tom Hill, on last Saturday night, has been paid the \$100 reward offered by the State for his arrest.

—Master David Walker presented THE NEWS and HERALD with a twin cantaloupe on Friday. It is quite a curiosity, being joined along the side. Both melons are thoroughly developed and are ripe.

—DeWitt's Little Early Risers are the finest pills I ever used. —D. J. Moore, Millbrook, Ala. They quickly cure all liver and bowel troubles. McMaster Co.

—Dr. D. E. Jordan preached at the Presbyterian Church on Sunday for the last time until September. The doctor and Mrs. Jordan have gone to the mountains of North Carolina for a month's rest.

—Since his return to Chester from Yorkville last week, Solicitor Henry has been confined to his home with a poisoned foot. For a while he feared that the poison would get into his blood, but is not now so apprehensive. —Yorkville Enquirer.

—After suffering from piles for fifteen years I was cured by using two boxes of DeWitt's Witch Hazel Salve. writes W. J. Baxter, North Brook, N. C. It heals everything. Beware of counterfeits. McMaster Co.

—Nothing like putting in an advertisement with THE NEWS and HERALD. It will pay you. Our last issue had an ad. for a lost pocket book and money. It has been found and the owner will be able to get it again. Had he not advertised with us he would not get \$5.75.

—The death of Hon. H. C. Patton left a vacancy on the board of commissioners to complete the State capital. Governor McSwain directed the attention of Speaker Frank B. Gary to the vacancy, the latter has appointed Representative W. J. Johnson, of Fairfield.—The State.

J. C. Kennedy, Roanoke, Tenn., says, "I cannot say too much for DeWitt's Witch Hazel Salve. One box of it cured what the doctors called an incurable ulcer on my jaw." Cures piles and all skin diseases. Look out for worthless imitations. McMaster Co.

—Since the drought was broken by the rain on Thursday heavy rains have fallen nearly every day. On Sunday the rain fell in torrents for several hours, and the streets show the effects of it. It was a very washing one and in many places the pavements are in very bad condition, great deep places having been made in them. They need working badly.

—St. John's Episcopal Church is soon to have a rector. The church has been closed since the death of Rev. Benj. Allston, which occurred last January. Who the new minister is to be is not definitely known yet, but the probabilities are that the church will be reopened early in August. Bishop Capers will assign to the work here one of the young men recently graduated.

—After suffering from severe dyspepsia over twelve years and using many remedies without permanent good, I finally took Kodol Dyspepsia Cure. It did me so much good, I recommend it to everyone," writes J. E. Watkins, Clerk and Recorder, Chillicothe, Mo. It digests what you eat. McMaster Co.

—Carl Estridge and Pink Bishop, the young boys who were arrested here at the cotton mill for stealing money in Columbia, have been up to the magistrate. The State on Saturday gave the result of the trial. As Bishop was only bound as a witness against Estridge, he was released, but Estridge was sent up to the higher court. This experience will probably be a lesson for these youthful culprits and will keep them out of mischief in future.

—The State Agricultural and Mechanical Society has already issued its premium list for the 32nd annual State Fair, which will be held in Columbia from October 29th to November 2nd. Inducements are offered by the society in order to encourage the finest exhibits and the list has been carefully revised. Various improvements have been made on the fair grounds, and the society is determined to make the coming fair eclipse all of the previous ones.

—I had stomach trouble twenty years and gave up hopes of being cured till I began to use Kodol Dyspepsia Cure. It has done me so much good, I call it the savior of my life," writes W. E. Wilkinson, Albany, Tenn. It digests what you eat. McMaster Co.

—On Saturday evening Mr. Jim Wooten, who lives at the factory, gave very conclusive evidence of too frequent visits to the dispensary or of too intimate friendship with the owners of the campaign jug. He seems to have been guilty of the latter, as he was so determined to run. He caused the town several times in his buggy with his horse at a 2.40 gait. Policemen Ketchin and Intendant Sloan voted for him and elected him to the lock-up. Mr. Wooten put up a ten dollar bond after election and went out of town at the same 2.40 gait.

—Reports have been received here of a storm of unusual severity which occurred in Ridgeway on Sunday

A Word to Doctors

We have the highest regard for the medical profession. Our preparations are not sold for the purpose of antagonizing them, but rather as aids. We say it down as an established truth that internal remedies are positively injurious to expectant mothers. The distress and discomforts experienced during the months preceding childbirth can be alleviated only by external treatment—by applying a liniment that softens and relaxes the over-strained muscles. We make and sell such a liniment, combining the ingredients in a manner hitherto unknown, and call it

Mother's Friend

We know that in thousands of cases it has proved more than a blessing to expectant mothers. It overcomes morning sickness. It relieves the sense of tightness. It soothes cases, and damps down Swollen, Hard and Rising Breasts. It is sold at a bottle, and should be used during the period of gestation, although great relief is experienced if used only a short time before childbirth. Send for our illustrated book about Mother's Friend.

THE BRADFIELD REGULATOR CO. ATLANTA, GA.

afternoon. The rainfall was tremendous and was accompanied by a severe electrical display and high wind. The rain and wind played havoc with the corn crop and the plants were beaten down flat. During the storm a negro house collapsed and a woman and child who were in the house narrowly escaped injury. It is said that several negro houses were damaged by the storm.

W. S. Musser, Millheim, Pa., saved the life of his little girl by giving her One Minute Cough Cure when she was dying from croup. It is the most harmless remedy that gives immediate relief. It quickly cures coughs, colic, bronchitis, grippe, asthma and all throat and lung troubles. McMaster Co.

—Camp Raines will not be represented at the Confederate reunion in Greenwood. There are many of the veterans who would greatly enjoy going and meeting with their old friends and comrades but who find it impossible to leave. With few exceptions all of the camps in the State will be represented, and there will be a grand rally of the South Carolina soldiers. Greenwood is a live, enterprising town, and is going to be thorough in her entertainment of her many guests. One great drawback to the complete success of the reunion will be the absence of General Hampton, whose health is too feeble to permit of his leaving home.

CASTORIA. The Kind You Have Always Bought. Bears the Signature of *Dr. H. H. Plummer*. Mr. McCauley Withdraws.

Mr. Editor: As my farming interests have prevented me from canvassing the county, I will withdraw my name as a candidate for Supervisor.

Joe McMeekin.

THE COUNTY CANYASS

The County Democratic Executive Committee have made the following appointments for the county campaign:

Feasterville, Tuesday, August 7. Monticello, Wednesday, August 8. Greenbriar, Thursday, August 9. Winoosburg, Friday, August 10. Ridgeway, Tuesday, August 14. Midford, Thursday, August 16. Woodward, Friday, August 17.

If any club desires any other meeting, application should be made to Jas. R. Curlee, Rockton, or T. K. Elliott, Winoosburg.

The Appetite of a Goat

Is envied by all poor dyspeptics whose Stomach and Liver are out of order. All such should know that Dr. King's New Life Pills, the wonderful Stomach and Liver Remedy, gives a splendid appetite, sound digestion and a regular bodily habit that insures perfect health and great energy. Only 25c at McMaster Co.'s drug store.

SOME MAY BE CONCERNED.

Mr. Editor: Please mention in your paper that I expect a party out from Ohio late in August to inspect tracts of land in Fairfield for sale, and specially suitable for cattle.

If any persons desire their lands shown to this party and will write me a description of same with price, I will be glad to call attention to them of the visitors.

As I desire no pecuniary benefit from the sale of these tracts, I hardly care, pro bono publico, simply to pay out for any advertisement, but as a matter of general interest you may call attention to it and on my part I will be glad to assist in bringing in good people to settle among us.

Yours truly,

R. A. Meeres, Ridgeway, S. C.

CASTORIA. The Kind You Have Always Bought. Bears the Signature of *Dr. H. H. Plummer*.

Mr. J. P. Matthews and family have gone on a visit to Mr. Matthews' relatives in Lowell, N. C.

Summer Coughs

are noted for hanging on. They weaken your throat and lungs, and lead to serious trouble. Don't fight with them. Take Scott's Emulsion at once. It soothes, heals, and cures. —Dr. S. S. Allwrights.

LIET. P. E. BRICE.

Lieut. Presley K. Brice, a graduate of 1900 from West Point, left for Ft. Slocum, N. Y., Monday evening. Lieut. Brice has been spending his leave of absence at home with his relatives and many friends, every one of whom regret very deeply that his leave has expired, and that the time for his march to the front has come. Lieut. Brice goes to begin his active duties as a soldier, and we feel sure that he will win for himself a name that will reflect honor upon South Carolina and his native town. He is a young man of whom Winoosburg is justly proud, and one whom his most intimate friends have ever recognized as a manly man; true to the principles of truth, virtue and honor, and one who is ever ready to answer duties call. Lieut. Brice will serve as a recruiting officer at Ft. Slocum for a short while and will then go to China.

"Press," you will write to us sometimes, won't you? We feel an interest in you, and will always be concerned about your welfare.

FOR OVER FIFTY YEARS.

Mrs. WINSLOW'S SOOTHING SYRUP has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. It will relieve the poor little sufferer immediately. Sold by druggists in every part of the world. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind. 1-17

A NARROW ESCAPE.

A little girl about ten years of age, Lizzie Hardin, of Chester, who is visiting Mr. and Mrs. McBride Smith, met with a serious accident on Thursday. She and a little friend had been walking on the old stone wall around Mr. Smith's shop, and Lizzie wishing to get down caught hold of the top of the wall and swung herself to the ground. The stone to which she was holding must have been loose, for it became dislodged and fell but fortunately did not fall directly upon the child but to one side bruising her badly but not injuring her seriously. Had the stone which weighed about two hundred pounds fallen upon the little girl it would, in all probability, have killed her. The child's mother was sent for before it was known what was the extent of her injuries. It was a narrow escape from death and the little girl was fortunate not to have been worse hurt.

You assume no risk when you buy Chamberlain's Colic, Cholera and Diarrhoea Remedy. McMaster Co. will refund your money if you are not satisfied after using it. It is everywhere admitted to be the most successful remedy in use for bowel complaints and the only one that never fails. It is pleasant, safe and reliable.

COMING AND GOING.

Mrs. W. D. Martin, of Charleston, is visiting Mrs. H. A. Gaillard. Miss Ruth Brice returned on Friday to Blackstock after visiting in town. Mrs. R. D. Smart and family, of St. Louis, are visiting relatives in Yorkville.

Miss Agnes Law, who has been visiting Misses Carrie and Patti Elliott, has returned to her home in Spartanburg.

Mrs. Leroy Atwood Williams and her little daughter Theresa are visiting Miss Margaret Rion and Mrs. Lucile Rion in Columbia.

Mr. R. K. Matthews, of McAdamsville, N. C., one of Winoosburg's former young men, paid us a flying visit on Saturday and Sunday. We are always glad to see Bob, and wish he would come oftener.

Dr. Theo. A. Quattlebaum, Winoosburg's latest medical graduate, is at home for a few days, visiting his relatives and friends. Dr. Quattlebaum is practicing medicine in Batesburg, and is fast gaining popularity as a physician in that locality.

How's This! We offer One Hundred Dollars Reward for any case of Catarrh cured by F. J. CURET & Co.'s Catarrh Cure. F. J. CURET & Co., Props., 100 N. 3rd St., St. Louis, Mo.

We, the undersigned, have known F. J. C. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him.

West & Traux, Wholesale Druggists, Toledo, O.

Walding, Kinnam & Marvin, Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Price 75c per bottle. Sold by all druggists. Testimonials free.

Hall's Family Pills are the best.

WEATHER FORECAST FOR AUGUST.

August will open with a very warm wave, and unsettled weather will prevail generally up to about the 3rd. Moon first quarter on the 3rd and at greatest south declination on the 6th. From the 3rd to 7th, many threatening to dangerous storms are very probable about this time; some sections will get good showers. If a sharp and sudden change to very cool should not follow the storms of rain will have thunder and lightning about these dates. Unsettled, threatening, stormy weather will prevail until after the full moon, which is on the 10th. I want the 9th, 10th and 11th days to be watched; threatening storm conditions will prevail. Cyclones up the Atlantic Coast States are very probable about this time. Watch the government reports on the above named dates. Good rains may extend out far into the interior. These storms will be followed by a sharp cool wave on the 12th to 15th; fair on the 15th to 18th. Some severe blizzards and gales almost likely to come about this time; 20th to 21st, fair and cooler; 22nd, local rains; 23rd, partly cloudy and warm; moon on the 24th. From the 25th to 28th, dangerous storm conditions will prevail; heavy rains, much thunder and lightning may be looked for; heavy storms up the Atlantic coast are very probable. This is likely to be the worst storm of the month; very cool weather will follow; 30th and 31st, fair and cool. This will be a stormy month with sudden changes in temperature.

J. Martin Grant.

Doctors Say; Bilious and Intermittent Fevers which prevail in miasmatic districts are invariably accompanied by derangements of the Stomach Liver and Bowels.

The liver is the great "driving wheel" in the mechanism of man, and when it is out of order, the whole system becomes deranged and disease is the result.

Dr. J. C. Williams' Liver Pills

are all Liver Troubles.

REDUCED RATES

To the Grand Army Encampment at Chicago, August 27th to September 1st.

On account of the above occasion, the Southern Railway will send round trip tickets from all stations on its lines to Chicago and return at especially reduced rates. The following rates will apply from points named:

Abbeville,	\$22.50
Anderson,	21.05
Blackburg,	21.10
Camden,	25.75
Carlisle,	22.50
Charleston,	22.95
Chester,	22.95
Columbia,	24.75
Denmark,	24.75
Greenville,	20.40
Greenwood,	22.20
Newberry,	25.25
Orangeburg,	26.25
Prosperity,	23.35
Rock Hill,	22.25
Spartanburg,	20.20
Sumter,	26.05

Tickets will be sold from points in the State of Florida on August 24th and 25th, and from points in all other States on August 25th, 26th and 27th, with final limit September 3rd. By deposit of tickets with joint agent of Central Passenger Association, at Chicago, prior to 12 o'clock noon, September 2nd, and on payment of fifty cents in connection with each ticket at time of deposit, the return limit may be extended until September 20th.

Persons located at non-stop stations should notify agent several days in advance of date they contemplate leaving, in order that he may supply himself with proper tickets.

For detailed information relative to rates, schedules, reservations, etc., call on or address any agent of the Southern Railway or its connections.

THE READING ROOM.

Mr. Editor: I turn aside from my busy duties while here at Winoosburg to say a few words in regard to the reading room which was opened just a few days before I came here. I have to-day received report of the librarian for the past week and it is as follows: Number of visitors July 18th, four; July 19th, four; July 20th, none; July 23rd, eight; July 24th, five. Books taken out July 18, eight; July 19th, six; July 20th, none; July 23rd, eleven; July 24th, none. From the above figures it is seen that a good number are visiting the room every day, and a considerable number of books are being read. I believe, however, this number will be greatly increased if only more fully knew about the room and its contents, and it is with a view to giving this information, which is already being given, that I now write you. In the first place, there is not a cent of charge in connection with the room; every one in town is cordially invited to visit it and to read the periodicals which are found there, of which there are a considerable number. If anyone wishes to take a magazine out any June number may be taken before 7 o'clock of one evening to be returned within two days, with a penalty of one cent per day if it is not done. Any July number may be taken out before 7 o'clock one evening to be returned before 6 o'clock of the next, with a penalty of 5 cents a day for failure to do so. It is very important that the above figures will effect an increased use of the reading room so that the present effort, which is but temporary, may prove a permanent one.

J. Frank Foshee. Rock Hill, July 26, 1900.

Women who work.

The average female constitution cannot, unaided, withstand the strain to which steady, trying work subjects it. The organs of womanhood are delicate, and the result of constant standing, lifting, stooping or straining is irregular or painful menstruation, leucorrhoea or falling of the womb. Wine of Cardui is the right remedy for female weakness. It will insure painless and regular operation of the menstrual function. It will drive out every trace of leucorrhoea, and will so strengthen the ligaments that falling of the womb will be an impossibility. You can get a \$1.00 bottle of Wine of Cardui at any drug store, and use it in the privacy of your home.

Mrs. Lucy Smith, Townsend, Ga.: "I have been in bad health with falling of the womb, weak back, nervousness and heart palpitation. At monthly periods I would be in bed suffering great pain. Lately I have been taking Wine of Cardui and Theodore's Black-Drainage and they have brought me wonderful relief. I have no pain and do not stop work at the monthly periods."

In cases requiring special directions, consult the directions accompanying the Wine of Cardui. The Wine of Cardui is sold by all druggists.

Wine of Cardui

Misses Salley and Lyles, of Buckhead, Fairfield County, are visiting Mrs. J. B. Cunningham at Armstrong—Greenville Mountaineer.

WINTHROP NOTES.

The State summer school has opened under favorable auspices. Up to this time there are 328 teachers in attendance. The ladies are largely in the majority, the proportion being about sixteen to one, or probably twenty to one. Richmond county sends the largest delegation of 34, York 29, Sumter 25, and Fairfield 19.

The attendance of Fairfield teachers is as follows: Misses Helen Bice, Anna Lou Martin, Evelyn Hall, Jennie Beatty, Mamie McMeekin, Sallie McMeekin, Lula Lee Hinnant, Mary Hinnant, Lottie Blair, Kittie Patrick, Ida Patrick, Anna McCauley, Bessie McMaster, Jerusha Mitchell, Carl Matthews, M. W. Penitoff, J. Frank Foshee, Morrison Bethea and William Scott.

The weather is exceedingly hot and dry, but despite the weather the teachers are enjoying the work and the recreation immensely.

The dining hall is very large and easily seats all the teachers. To see over three hundred teachers eating dinner at the same time is a sight well worth seeing.

From what I have seen I think some of our Fairfield teachers are taking a "campus course." That seems to be quite a popular course with some. Rock Hill, July 25. M. W. P.

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or Biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart Failure, and they used August Flower to clean out the system and stop fermentation of undigested food, regulated the action of the liver, stimulate the nervous and organic action of the system and that is all they took when feeling dull and had with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. For sale by McMaster Co., druggists.

CHILDREN'S DAY AT BETHEL.

Saturday, July 21st, was Children's Day at Bethel Church. As usual, it was a perfect success. All the children deserve credit for the excellent manner in which they acted. Their perfect recitations and the spirited manner in which the songs were rendered showed that they had the interest of Children's Day in their hearts.

In addition to the program, we had an address by Mr. English Camak. It was an earnest, heartfelt talk, full of wisdom and advice to his young comrades, and indeed we older ones would do well to give heed to his remarks on that occasion. English is one of "our boys" and is a consecrated young Christian. We are prayerfully watching his career, and hope that his ambitious dreams for the future will be fully realized.

We also had an instructive talk from our young missionary, Miss Agnes Ruff. She gave us an insight to the training school for missionaries in Kansas, of which she is a member. Like herself, her talk was sweet and interesting, and listening to her seemed to bring the cause of missions nearer to us. We are proud to know that one of our own girls has enlisted in active service for our Master. God bless her, and grant that her sweet influence may lead many to Christ.

We must mention little Elizabeth Speigner. That child is a prodigy. Her recitations would draw a crowd to a large girl, whereas she is a mere baby, possessed with a wonderful voice and memory.

The managers of Bethel's Children's Day are to be congratulated, and the immense crowd showed its appreciation of the close attention and good behavior.

Miss Sallie Ruff, the organist, drew out the sweet, powerful tones of the new organ, and I know no one enjoyed the good music more than she, for she was one of the chief workers in buying that organ.

Bethel is blessed with working young members. They have risen up to take the place of the older that have left us. The writer's thoughts wandered back to the first Children's Day, when he and in fancy he could see the forms of her loved friends, Agnes and Janie, who are now singing in heaven. Canthen is married and many others absent from various causes, but their memories will be green to the hearts of all.

Work on young people, make the new Bethel as prosperous as the old one was, and some day others, who will take your place, will speak and think tenderly of you. O. B.

Glorious News

Comes from Dr. D. B. Cargile, of W. H. L. T. He writes: "Four bottles of Electric Bitters have cured Mr. Brewer of scrofula, which had caused great suffering for years. Terrible sores would break out on his head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows that thousands have proved that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by McMaster Co., druggists. Guaranteed.

DEATH OF DR. J. M. RICHMOND.

One of St. Joseph's Oldest and Most Popular Practitioners.

St. Joseph (Mo.) Daily Times, July 16.

Dr. J. M. Richmond, one of St. Joseph's oldest and best known physicians, died last night at 11:15 o'clock at the private sanitarium of Dr. John Pusey, 2901 Forest avenue, Kansas City, Mo., which he was removed from this city about two weeks ago.

Doctor Panton was an old friend of Doctor Richmond, and it was thought a change of scene would prove beneficial to him, but he continued to fail from the time he reached Kansas City. The remains were brought to St. Joseph at 12:20 o'clock this afternoon and were taken to his late residence, 1808 Felix street. Arrangements for the funeral have not been completed.

Doctor Richmond had been sick with pneumonia for some time. He was removed to Emsworth Hospital several weeks ago and remained there for a few days and as he did not improve, he was removed to his residence. As there was no change for the better, it was decided to take him to Kansas City. Dr. Spier Richmond, his son, was in Kansas City yesterday

to see his father, and while he knew he was very sick, he did not think his condition so critical, and he came to the city on Friday night. After the telegram announcing the death of his father he went to Kansas City this morning at 4 o'clock, returning with the body later in the day.

Doctor Richmond was born in Fairfield, S. C., September 17, 1837. After taking a complete course in medicine at the New York University, from which he was graduated in 1860, he spent a year in Paris perfecting himself in his profession. He saw service in the Confederate army as a surgeon, and at the close of the war practiced medicine for 5 years at Abbeville, S. C. He moved from Abbeville to Richmond, Va., and from there he came to this city, April, 1872.

Doctor Richmond ranked high in his profession, and for years he was known as one of the most skillful surgeons in St. Joseph. During the year 1886 he was president of the District Medical Society of Northwest Missouri; in 1895 he was president of the Missouri Valley Medical Society, and in 1896 president of the State Medical Society. He always took a prominent part in local medical organizations. At the time of his death he held the chair of obstetrics in Emsworth Medical College.

July 28, 1863, Doctor Richmond was married to Miss E. M. Tomlin of Clifton, Hanover County, Va. He leaves a widow and five sons. They are: Dr. Spier Richmond, the present county coroner, James Richmond, traveling salesman for the Johnston-Woodbury Hat Company; Corbin T. Richmond, traveling salesman for Long Brothers of Kansas City; H. B. Richmond of New York, and William K. Richmond, employed at the Burlington general offices.

A Minister's Good Work.

"I had a severe attack of bilious colic, got a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, took two doses and was entirely cured," says Rev. A. A. Power, of Emporia, Kan. My neighbor across the street was sick for over a week, had two or three bottles of medicine from the doctor. He used them for three or four days without relief, then called in another doctor, who treated him for some days and gave him no relief, so I bought a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and he said: 'No! I went home and brought him my bottle and gave him one dose; told him to take another dose in fifteen or twenty minutes if he did not find relief, but he took no more and was entirely cured.' For sale by McMaster Co.

THE OFFICE-SEEKERS IN WINNSBORO.

A quiet, peaceable and orderly crowd listened to all that they have to say and conclude who will get their Support.

The meeting was opened with prayer by Rev. C. E. McDonald, and after a few words from Hon. T. S. Brice, county chairman, the guns were turned loose.

Col. J. W. Floyd, an old Confederate, candidate for adjutant general, led off and cited his war record and that of his official administration. There was nothing new in his speech. J. D. Rouse was not present.

John J. McMahon, a Fairfield boy, candidate for Superintendent of Education, was the next speaker. He was received with applause and made some very forceful arguments, well representing his claims to the people, and clearly showing what he had done for the cause of education and what his earnest hopes were.

Elision Capers charges that McMahon has not consulted county superintendents and teachers along certain lines of summer school work, which McMahon denies. Capers brings nothing new, and only wishes the support of the people.

J. H. Wharton, for Railroad Commissioner, opens his remarks by a joke, and then settled down to work. He shows the people what railroad discrimination is and how it is endorsed by the people without remedy. He also discusses over charges, lost packages and demurrages with considerable force and good sense.

B. B. Evans attributes high freight to the ignorance and rottenness of the commissioners, criticizes everything and grows quite hot in his discussions, but in the end claims that shortness of time prevents him from giving a solution to the questions that confront the people.

Mr. T. N. Berry feels at home in Fairfield and presents his claims to the people. He only asks the people to stop and think and then vote for him. J. E. Pettigrew was the next speaker.

W. D. Mayfield says there is a change needed and he thinks he is the man.

J. G. Ethelridge was not here. After these have finished what they have to say for themselves, the big guns are turned loose and the people are informed of all the needs and circumstances of the State.

Non-Frank B. Gary, Speaker of the House, was the first orator of the occasion and was well received. He says: The Democratic party orders us to appear here to day that we may be seen and heard. We are here to discuss issues and not to sling mud, and if there is any man here who came to see that kind of thing, I am glad to say he will be disappointed. I am here to urge views, criticize the administration and opinions of those who preceded me and also of those who are with me now. The first and pre-eminent question of this campaign is, how to control the liquor traffic. Some say that prohibition is the solution, while others say that prohibition will not do, and that liquor is the only retreat and remedy. I claim that liquor is here and here to stay, and that the liquor question will continue to be a live question. I am here to tell you that we must meet the issue and treat it in a fair common-sense way. I tell you that prohibition will not work. It will not prohibit, and those places which have tried it, will bear testimony to what I say. I am for the dispensary, but for the dispensary enforced! It is the best solution, and one which if enforced will bring the liquor question into subjection to the voice of the people and the obedience of the law. Col. Floyd says that his folks are here in great majority, but I tell you mine are here too, and I say,
